

# Down By the Riverside

## Clay Walker

(Kim Williams/Clay Walker/Kent Blazey)

The wind was blowing through your hair

The moon was shing on your face

You looked like a picture sittin' there

And time stood still there in that place

The water was singin', out hearts were beatin' fast

Two high school lovers thinkin' it would always last  
Down by the riverside on a warm summer night

We gave into passion for the very first time

We fumbled with love 'til we got it right

And we found heaven down by the riverside  
Now you're nothin' but a ghost

That still haunts my memory

And you're always waitin' there

When I go walkin' through my dreams

There's no happy ending but I know our love will last

'Cause when I close my eyes you always take me back  
Down by the riverside on a warm summer night

We gave into passion for the very first time

We fumbled with love 'til we got it right

And we found heaven down by the riverside
