

# Cedar Tree

## Indigo Girls

You dug a well  
You dug it deep  
For every wife you buried  
And planted a Cedar tree  
The best  
The best you ever had I stand where you stood  
I stand for bad or good  
And I am green  
And you are wood  
The best  
The best he ever had I dig a well  
I dig it deep  
And for my only love  
I plant a Cedar tree  
The best  
The best we ever had
