

Since I Don't Have You

Johnny Crawford

No blue skies above
No rainbows ahead
No dreams to come true
Since I don't have you

No castles to build
No future to plan
There's nothing to do
Since I don't have you

Funny, how yesterday, I felt like a king
And funny, how suddenly life wasn't worth a thing to me

No mountains to climb
No rivers to cross
My life is all through
Since I don't have you

No blue skies above
No rainbows ahead
No castles to build
No future to plan
No mountains to climb...
