

# Blood, Sweat & Tears

## Governor

If you say, that you don't want me,  
that's OK, I'm going get ya anyway,  
If you think, you can avoid me,  
that's alright, cos i don't mind a little fight. Word is out, that you're not gettin' served,  
The way we both know you deserve,  
There's no doubt (there's no doubt)  
That i know what you need,  
if you wanna come just come with me. I am just a guy, you are just a girl,  
All i know is i just wanna rock your world,  
And all i have to say, i hope that its OK. [CHORUS]  
Gonna be blood, sweat n tears,  
Gonna be hard work n fears,  
But i ain't gonna stop, no never stop till i got you (oh),  
Gonna be sunshine n rain,  
Gonna be pleasure n pain,  
But i ain't gonna stop, no never stop till i got you. Listen up, please believe me,  
When i claim to be the lover that you want (alright)  
Check this out, i got a feelin (got a feelin)  
That its gonna be and you, you know I'm right, You are just a girl, i am just a guy,  
Who does appreciate the finer things in life,  
And this i swear to you, every word is true. [CHORUS X4]
