

Can't Slow Down

Yarn

It's like I told my sister about a thousand times,
You can feed me pennies, I won't make you a dime,
Cause I had a hard road running and I can't slow down,
Got the world on my finger and its spinning
Oh, its spinning around.

It's like I told my mother just the night before,
I got all I need but I still want more,
I've had a hard road running and I can't slow down,
Got the world on my finger and its spinning
Oh, its spinning around.

And I've got to slow down,
And stop running around this town,
And I've got to slow down,
And stop running around this town,
And I've got to slow down,
Before I die, and set this world on fire,
Cause my life is singing bye, bye, bye...

It's like I told my girl just the other night,
You can bring me darkness I will give you light,
I've had a hard road running and I can't slow down,
Got the world on my finger and its spinning
Oh, its spinning around.

And I've got to slow down,
And stop running around this town,
And I've got to slow down,
And stop running around this town,
And I've got to slow down,
Before I die, and set this world on fire,
Cause my life is singing bye, bye, bye...

And I've got to slow down,
Before I die, and set this world on fire,
Cause my life is singing bye, bye, bye...
