

Lies

Deap Vally

Brother, brother, brother
You need to learn one thing or two
Brother, brother, brother
I'm gonna teach a thing on you
Brother, brother, brother
You want truth, you want truth
...close to youLie, lie, lie and you look me in the eyes
Lie, lie, lie and you look me in the eyes
Brother, brother, brother
..
You're gonna get what you deserve
Brother, brother, brother
I tell you you've got no spine
Brother, brother, brother
And you ain't no frined of mineLie, lie, lie and you look me in the eyes
Lie, lie, lie and you look me in the eyesLie, lie, lie...I thought we agreed
You wouldn't had the need to spread your seed
But it's a fact
You broke yor contractYou're gonna pay tenfold
You're gonna be alone when you grow old
babe i wasn't nothing for never you get nothing
Lie, lie, lie and you look me in the eyes
Lie, lie, lie and you look me in the eyes
