It's Not That Easy

Matt Dusk

Was it me? Was it you?
Was it all the little things that I didn't do?
Trying to move on, but I can't
No, I can't imagine being someone else's man
Girl, I've tried and tried a million times
To get you off my mind
It's not that easy, no, not that easy
Don't you know how hard it is for me
To smile and say goodbye
It's not that easy, no, it's not that easy
It's not over, not for me
Used to have so much faith and I still believe
You're my weakness, you're my strength
And one without the other, just don't make no sense
Girl, I've tried and tried a million times
To get you off my mind
It's not that easy, no, not that easy
Don't you know how hard it is for me
To smile and say goodbye
It's not that easy, no, it's not that easy
It's not as easy for me, as it is for you
Let me talk about it, it's not that easy, this
What am I meant to do without your love, your love?
What am I meant to do without your love?
Oh, what am I meant to do without your love, your love?
What am I meant to do without your love?
Girl, I've tried and tried a million times
To get you off my mind
It's not that easy, no, not that easy
Don't you know how hard it is for me
To smile and say goodbye
It's not that easy, no, it's not that easy
What am I meant to do without your love, your love?
What am I meant to do without your love?
What am I meant to do without your love, your love?
What am I meant to do without your love?
Don't you know how hard it is for me
To smile and say goodbye
It's not that easy, no, it's not that easy
