

Novokaine

Nine Black Alps

Come on now, I killed my conscience

There's no way that I could function.

Life to her's like life in prison,

Stay with me my exorcism

Hear me now,

Call my name,

Novokaine, Novokaine

Felt so bad

Can't explain

Novokaine, Novokaine Come down like a crash of thunder,

Lifts me up then drags me under.

Learn to live with disappointment,

Pay the price and drink the poison.

It's so hard

Call my pain

Novokaine, Novokaine

Took my heart

Stole my vein

Novokaine, Novokaine

Save Me

Hear me now

Call my name

Novokaine, Novokaine

Felt so bad

Can't explain

Novokaine, Novokaine
