Free Fall Without A Parachute

Senses Fail

Well I had a dream last night
And in my dream I took a knife to you
I slit your throat from ear to ear
The wound was gasping for the air
Your scream so clear
But every dream could never come true
Only in my sick mind can I do these things to you
With every passing moment
It just keeps getting worse
The walls are getting smaller
And I am six feet beneath the earth
And I will be, oh I will be, just lost
I had a dream last night
And in my dream I robbed a country club
A 5 year old tried to stop me
But I shot him through the head
And now he's dead
But every dream could never come true
Only in my sick mind can I do these things to you
With every passing moment
It just keeps getting worse
The walls are getting smaller
And I am six feet beneath the earth
And I will be, oh I will be, just lost
With every passing moment
It just keeps getting worse
The walls are getting smaller
And I am six feet beneath the earth
And I will be, oh I will be, just lost
Your heart
Your heart
Your heart
Your heart
Oh it's better to rush upon this blade
Then give into the fear in your heart
(Your heart)
These dreams never cease
(Your heart)
These dreams never cease

(Your heart)
These dreams never cease
Your heart
With every passing moment
It just keeps getting worse
The walls are getting smaller
And I am six feet beneath the earth
And I will be, oh I will be, just lost
With every passing moment
It just keeps getting worse
The walls are getting smaller
And I am six feet beneath the earth
And I will be, oh I will be, just lost
With every passing moment
It just keeps getting worse
The walls are getting smaller
And I am six feet beneath the earth
And I will be, oh I will be, just lost
Just lost
