

# Dressin' Up

## Charlie Gracie

Saucer of milk  
Table for two  
You wanna pet my kitty  
You're such a dirty doggy.  
It's your lucky night  
'Cause Im in the mood  
Oh, I'm feeling spicy  
I'm feeling real naughty.  
Pick a part, you dream it up.  
A dark vixen, a Lolita.  
Oh boy, tell me your fantasy,  
Tonight's the night, I'm dressin' up for you.  
I can tell you're obsessed  
By your shortness of breath.  
Ooh, my cookie monster  
Wants a taste test.  
Be a good boy  
And I'll show you the rest  
Ooh, my little voyeur  
Wants to play explorer.  
Pick a part, you dream it up.  
Librarian, dominatrix.  
Oh boy, tell me your fantasy,  
Tonight's the night (Tonight's the night)  
Tonight I'm gonna come alive  
Make you forget about your  
Nine-to-five  
Are you ready for your blood to rise  
Tonight's the night I'm dressin' up for you (dressin' up)  
You're getting hot  
So let's call the nurse  
Ooh, I feel a fever  
Let's take your temperature  
Better Behave  
Or a police officer  
Will have to hold you down  
Give you what you deserve  
Pick a part, you dream it up.

Use your imagination  
Oh boy, I'll be your fantasy,  
Tonight's the night (Tonight's the night)  
Tonight I'm gonna come alive  
Make you forget about your  
Nine-to-five  
Are you ready for your blood to rise  
Tonight's the night I'm dressin' up for you (dressin' up)  
Tonight I'm gonna come alive  
Make you forget about your  
Nine-to-five  
Are you ready for your blood to rise  
Tonight's the night I'm dressin' up for you (dressin' up)  
Tide  
Tight  
Tip  
Teasing  
Push  
Pull  
Pressure  
Pleasing  
Beads of sweat drip down your neck  
Breathing deep, gaining speed, about to peak  
Trembling  
Trembling  
Trembling  
Tonight I'm gonna come alive  
Make you forget about your  
Nine-to-five  
Are you ready for your blood to rise  
Tonight's the night I'm dressin' up for you (dressin' up)  
Tonight I'm gonna come alive  
Make you forget about your  
Nine-to-five  
Are you ready for your blood to rise  
Tonight's the night I'm dressin' up for you (dressin' up)  
Dressin' up  
I'm dressin' up for you  
I'm dressin' up x5  
For you  
I'm dressin' up  
I'm dressin' up for you
