Good Tiger

This is it
The only city i've walked in
Stay close to me
We won't bow heads for anybody
This is it
The only city i've walked in
Stay close to me
We won't bow heads for anybody
If they stop moving it will kill them i can fly forever
This deserts lost it's charm
I've had my feel of scales and leather
If they stop moving it will kill them but i can fly forever
The desert's lost it's charm
(I can fly forever)
The desert's lost it's charm
(I can fly forever)
Old people in old buildings
They're moving away
Old people in ild buildings
They're moving away
Have some dignity, you fucking cunt
We've grown strong bones, we have strong iron
They've beem messing with my town
And i am not afraid
Stop fucking with my town
(Let's ditch the car and go running)
Stop fucking with my town
(Let's ditch the car and go running)
Stop fucking with my town
If they stop moving it will kill them i can fly forever
This deserts lost it's charm
I've had my feel of scales and leather
If they stop moving it will kill them but i can fly forever
The desert's lost it's charm
The desert's lost its charm
This is the only city i've ever watched
