

# I Wish You Would

Ryan Adams

It's 2 A.M. in your car  
Windows down, you pass my street  
The memories start You say it's in the past  
And drive straight ahead  
You think I'm gonna hate you now  
'Cause you still don't know what I never said I wish you would come back  
Wish I'd never hung up the phone like I did  
I wish that you knew that  
I'd never forget you as long as I'd live I wish you were right here, right now  
It's all good  
I wish you would It's 2 A.M. in my room  
Headlights pass the window pane  
And I think of you We were a crooked love  
In a straight line down  
Makes you wanna run and hide  
But it makes you turn right back around I wish you would come back  
Wish I'd never hung up the phone like I did  
I wish that you knew that  
I'd never forget you as long as I'd live And I wish you were right here, right now  
It's all good  
I wish you would I wish we could go back  
And remember what we were fighting for  
Wish that you knew that  
I miss you too much to be mad anymore I wish you were right here, right now  
It's all good  
I wish you would You always knew how to push my buttons  
You gave me everything and nothing  
This mad, mad love makes you come rushing  
Stand back where you stood  
I wish you would, I wish you would It's 2 A.M., here we are  
See your face  
Hear my voice in the dark We were a crooked love  
In a straight line down  
Makes you wanna run makes you wanna hide  
Makes you wanna turn around back around I wish you would come back  
Wish I'd never hung up the phone like I did  
I wish that you knew that  
I'd never forget you as long as I'd live I wish you were right here, right now  
It's all good

I wish you would I wish you would come back  
Wish I'd never hung up the phone like I did  
I wish that you knew that  
I'd never forget you as long as I'd live I wish you were right here, right now  
It's all good  
I wish you would  
I wish you would  
I wish you would I wish we could go back  
And remember what we were fighting for  
Wish you knew that  
I miss you too much to be mad anymore And I wish you were right here, right now  
It's all good  
I wish you would
