Shake for Me

Stevie Ray Vaughan & Double Trouble

Well, it sure look good but it don't mean a thing to me
Yes, it sure look good but it don't mean a thing to me
And I've got a cool shaking baby shake like a willow treeYou better wait, baby you got back a little too late
You better wait, baby you got back a little too late
And I've got a cool shaking baby, shake like jello on a plateWhen my baby walk you know she's fine and mellow
Yeah, when my baby walk you know she's fine and mellow
Yes, and when she stop, flesh, it shake like jelloWell, now shake it little baby, shake it for me
Yeah, now shake it little baby, shake it for me
Yeah, now shake it little baby, shake like a willow treeAnd now let it shake
Now let it shake, now let it shake, now let it shake
Let it shake a little baby, shake like a willow tree
