

yup

YUP

You said you need someone to turn you on
Then baby let me be your answer
Because I like to watch you perform
So you can be my private dancer
The way you swingin your hair
Seductively stare makes me wanna give you the bizz
Would you like if I touched you right there
And spread up in your air
Inviting you come where I am
I hear them ladies say
YUP YUP I want it
YUP YUP I need it
YUP YUP come give it to me
I hear them ladies say
YUP YUP I like it [she likes it]
I'm so excited baby
I know you got what I need
Now wave your hands and say
YUP YUP YUP YUP all right, all night
YUP YUP YUP YUP yeah, all my ladies say
YUP YUP YUP YUP I'm so excited baby
YUP YUP YUP YUP you know I got what you need
Baby I need to have you on my arm
Just so I can feel your body
And I bet I can make you feel so warm
Like it how anxious you got me, yeah
The way you swingin your hair
Seductively stare makes me wanna give you the bizz, baby
Would you like if I touched you right there
And spread up in your air

Inviting you come where I am
Oh the ladies sayin
YUP YUP I want it
YUP YUP I need it [you want it, she want it]
YUP YUP come give it to me
I hear the ladies say
YUP YUP I like it
I'm so excited baby

I know you got what I need
Wave your hands and say
YUP YUP YUP YUP ohh ohhh oh yeahhh
YUP YUP YUP YUP yeahh ohh ohh, all my ladies say
YUP YUP YUP YUP yeahh I'm so excited baby
YUP YUP YUP YUP you know I got what you need
I want you to take your time with me
I'll sit back and let you take the lead
Just for me, you'll see
That I'm what you need
YUP YUP I want it
YUP YUP I need it [oh I need it]
YUP YUP come give it to me [won't you give it to me baby]
YUP YUP I like it [she likes it]
I'm so excited baby
I know you got what I need
Now wave your hands and say, yeah
YUP YUP YUP YUP all right, all night
YUP YUP YUP YUP yeah, all my ladies say
YUP YUP YUP YUP
YUP YUP YUP YUP I know I got what you need
