B2K

Alright, I done been all around the world
And I noticed baby's got dunka
(What?)
That's a good thing in my case that is She's soft and sexy with strawberry lip gloss
La Pearla thongs with the Ice Berry flip flops
The kind of girl that makes you drip, drop cash
Hop out the rover, hop on some
(Shh) Man this girl, she got me feeling so crazy
The way that dunka look, got me feeling so hazy
Asked can I grab, she said, "You so crazy"
I give you my last name, she said, "Okay maybe" I said, "Girlie, girlie on the wall
With the biggest butt of them all"
There was a rubble double 5 minutes it lasted
She said, "Come grab it you can see that"
(Mmm) Look at shorty shakin' that behind her
I'm bout to be right behind her
I'm just gonna make this one mine
