Positive Vibrations

Moneybrother

Might have got that information anywhere
LetÂ´s not just talk about it please
If thereÂ´s a chance, weÂ´ll make it anyhow
And that way saving me from grief
IÂ´ll let go

Baby IÂ´m really worrying about you
For the first time now tonight
I see itÂ´s really hurting deep inside you
It sure feels funny but if itÂ´s so
IÂ´ll let go

Cause you been cheating and it hurt me more than you will ever know
And if it ain't positive vibrations, baby, than itÂ´ll have to go
Consider that the terrible silence
Feels better than it does when we talk
We cannot win
LetÂ´s not begin

My friends they talk about it and they said
- Oh no, man, canÂ´t belive thatÂ´s true
They couldnÂ´t belive that shit about you
- It donÂ´t seem like the stuff she would do
Wait a minute baby, listen up now
IÂ´ve been mistreated, I can mistreat too

Yeah I Knowâ€¦
