I'm dropping it like this with hizilli like this
We' btor2osly like this
Your body's overflowing like a champagne bottle
I, I'm looking at something you got, I won't apologize
There's something in my mind, I gotta tell you I can't hide baby
I notice that your friends are hating on me and I feel a bad vibe
So I walk over to you and I tell it to you like this
I want you now like this
I gotta have you like this
I need to know you like this
The way you're movin' girl
I'm dropping it like this with hizilli like this
We' btor2osly like this
Your body's overflowing like a champagne bottle
She's so fine, she looks deep in my eyes
I can tell she's gon' be mine
So mammy won't you come and take a ride with me tonight
I, all I need is for you to realize babe
I'll be your man and one day you'll be my wife
And that is something we both just can't deny
'Cause baby you got a hold on me
Hey baby you know I'm feelin' you, your flow, your style
And I know you want me girl, it feels so good inside
What about your girls? You know I got your back
Can we flex out the club? No, not yet
Why can't I just, why can't I just be with you like this?
I want you now like this
I gotta have you like this
I need to know you like this
The way you're movin' girl
I'm dropping it like this with hizilli like this
We' btor2osly like this
Your body's overflowing like a champagne bottle
She's so fine, she looks deep in my eyes
I can tell she's gon' be mine
So mammy won't you come and take a ride with me tonight
Hey baby, I'll be checkin' out your stuff for days
Shake your body, the way you movin' elaborate ways
Your love, gonna kissy a whizzy

Meet me on the dance floor, well let's get busy
Dancin' on the roof, he got me sayin oof'
Baby girl, now I'm howling at the moon like a wolf
I really can't explain it baby, you're so fine
I know you're lost in the feelin' but the pleasure is mine
If you've got a little somethin' on your mind you should prove it
It's all in the way that she moved you like this
I want you now like this
I gotta have you like this
I need to know you like this
The way you're movin' girl
I'm dropping it like this with hizilli like this
We' btor2osly like this
Your body's overflowing like a champagne bottle
She's so fine, she looks deep in my eyes
I can tell she's gon' be mine
So mammy won't you come and take a ride with me tonight
