

# Love

## Sixpence None the Richer

You must be the seed  
Descend into the earth  
Searching for the union  
Of death and then rebirthBut I need love  
It is patience, it is kindness  
I need love  
It is rain after the dryness  
I need love  
Sister Wisdom, help me see  
It's the one thing that I need  
The only thing that I needThe Harvester is near  
His blade is on your skin  
To plant a new beginning  
Well then let the cut beginBut I need love  
It is patience, it is kindness  
I need love  
It is rain after the dryness  
I need love  
Sister Wisdom, help me see  
It's the one thing that I need  
The only thing that I needOh, oh, oh  
Oh, oh, oh  
Oh, oh, oh  
Oh, oh, ohThe Harvester is near  
His blade is on your skin  
To plant a new beginning  
Well then let the cut begin  
Let the cut begin
