# Cover My Face

## Miranda Sex Garden

I know you're watching
You know I see
My face in your eyes
I know you seeAs I run blindly
From the fear I know's not real
Cover my face
Do not watch my eyesLet me hate for you
And hate for me
My face in your eyes
All I can seeAs I run blindly
From the fear I know's not real
Cover my face
Do not watch my eyes
