

# Got Your Six

## Five Finger Death Punch

Advisory - the following lyrics contain explicit language:

Charge I'm a fucking soldier  
Just like I told ya  
While I'm just warming up  
You're getting colder  
Out on the battleground  
Let's take a look around  
Well there's a million of us ready to throw down They'll never take me alive In the pit  
Blood on the bricks  
Don't look back 'cause I got your six  
Won't go down, never gonna quit  
Don't turn back 'cause I got your six You know I got your back  
They'll never take that  
Until the bitter end  
You know I'll never crack  
I'll face an army  
Can't fucking harm me  
Out on the front line  
That's where you'll find me  
They'll never take me alive In the pit  
Blood on the bricks  
Don't look back 'cause I got your six  
Won't go down, never gonna quit  
Don't turn back 'cause I got your six I will never accept defeat and I will never quit I got your six I got your six In  
the pit  
Blood on the bricks  
Don't look back 'cause I got your six  
Won't go down, never gonna quit  
Don't turn back 'cause I got your six In the pit  
Blood on the bricks  
Don't look back 'cause I got your six  
Won't go down, never gonna quit  
Don't turn back 'cause I got your six
