

These Are the Times

Red Grammer

Verse One:

Seems like it was years ago
We stopped the mail and packed our clothes
And when we left, we crossed the line
Into You and Me,
And real time.

There's nothing more I like to do
Than sit for hours next to you
Hold your hand, sing a song
Just be lovin'
All day long

Chorus:

These are the times we love
The wind on the water
The sun in my eyes
Like an old familiar Friend
I watch the clouds roll by
Slip over my shoulder
I let go of my life
And come alive again

Verse Two:

Past fields of green and bright red rocks
Meadow flowers and forget-me-nots
Water runnin' crystal clear
Chants its mantra
In my ear

Tellin' me its time to heal
To let it go, to breathe, to feel
Hold your hand, sing a song
Just be lovin'
All day long

Chorus:

These are the times we love
The wind on the water
The sun in my eyes

Like an old familiar Friend
I watch the clouds roll by
Slip over my shoulder
I let go of my life
And come alive again

Transition:

When i feel my life unravel
I'm scattered at loose ends
I just need to take a moment
to find myself again

Chorus:

These are the times we love
The wind on the water
The sun in my eyes
Like an old familiar Friend
I watch the clouds roll by
Slip over my shoulder
I let go of my life
And come alive again

I let go of my life,
And come alive again.
