

# Summertime in That Cutlass

## Nipsey Hussle

Yeah  
Some LA shit  
Crenshaw and Slauson  
Young niggas getting money for real this time  
Look  
Summertime in that Cutlass, all these young hoes is fuckin  
All these young niggas is hustling, pull up thick to that function  
Pull out guns and start bussin, cuz niggas not with no fussin  
Roll up kush and shoot hunnids, and take yo bitch like its nothing  
We was living fast we was rushin, niggas burnt and crashed on that dumb shit  
And its fuckin sad cuz we was brothers, had to learn so fast to switch hustles  
And my bag, that's \$1200, and my fucking pad is illustrious  
And I'd still kill one of you niggas, cuz I'm not really for the fuck shit  
And we was raised around hustlers, rolex chains and K's bussin  
Super Sports and boxed Cutlass, and pull off fast and burn rubber  
Pull out cash like it's nothing, cuz all these young niggas is hustling  
All these young hoes his fuckin, summertime in that Cutlass  
Summertime in that Cutlass Summertime in that Cutlass, roll up flight then get blunted  
Thousand grams in that cupboard, if the police raid then we flush it  
Murder case wit no suspects, and all these niggas done got bussed at  
All these niggas they went and bussed back, make it hard to tell which one of us done what  
As some young niggas we ain't want much, but if we was gone have it, it was on us  
Handouts it was no such, ten toes in some old chucks  
Beat loud but I'm lowcut, European clip grill when I roll up  
Oh fat Rollie all gold huh? Lemon squeeze ten shots that'd be yo luck  
Look, talk money or I'm deaf, see niggas going broke that ain't nothing to respect  
And I ain't tryna feel it so I do it to the death, 1985 cutdawg in the set  
When I was fuckin Courtney and Lauren, they was neighbors  
And Car-car told both of em she was hatin  
But I ain't give a fuck, I been a young player  
Push foreign shit now but remember them days when I used to spend aSummertime in that Cutlass
