Peace and Quiet

The Rifles

I don't see how another days gonna make us change our minds
So why don't we go separate ways and save us a bit of time
We can't go on trying living behind this worn out and thin disguise
I don't want to try talking it out I don't need another fight
It just won't work whenAll I want is a little peace and quiet (*2)I just don't wanna live this way cause lately were up al night
I can't speak free when your in my face and I don't like to be unkind
But constantly you try and turn it around when clearly its black and white
Somethings gone and now I'm feeling down cause I've been here a million times
It just won't work whenAll I want is a little peace and quiet(*2)
