

Make It Rain

Tom Waits

She took all my money
And my best friend.
You know the story,
(People) Here it comes again.
I have no pride, I have no shame
You gotta to make it rain,
Since you gone
Deep inside it hurts
I?m just another sad
Guest on this earth
I want to believe in the
Mercy of the world again
Make it rain, make it rain
The (N)ight?s too quiet
Stretched out alone
I need the whip of thunder
And the winds dark moan
I?m not Able
I?m just Cain
Open up the heavens
Make it rain.
I?m close to heaven
(I?m) Crushed at the gate
They sharpen their knives
On my mistakes
What she done you can?t
Give it a name
Just make it rain,(Yes)
Without her love
Without your kiss
Hell can?t burn me
More as this
I?m burning up all this pain
Open up the heavens
Make it rain.
I?m born to trouble
I?m born to fate
Inside a
Promise I can?t escape

It's the same old world
But nothing looks the same
Make it rain
Make it rain
Make it rain
Make it rain

(Make it rain
You've got to make it rain
Make it rain
I stand alone here)
?.continue till fade?
