

You Rock Me

[Rhett Akins](#)

Got hooked on Country when I was a young boy
Nothing changed my world like Bocephus did
Then I found the Rolling Stones
Man, they got in my bones but nothing ever moved me
Like the feeling running through me when we kiss 'Cause you rock me, baby, you get inside my soul
You play my heart just like a grooving guitar
You're the perfect melody, your love stays with me
Yeah you, yeah, you rock me, baby As I got older, well, I mellowed out some
I got stuck in a dead end rut and a boring routine
But just like my favorite song
Girl, you really turn me on and you've got me shaken
And there's no mistaking what you do to me You rock me, baby, you get inside my soul
You play my heart just like a grooving guitar
You're the perfect melody, your love stays with me
Yeah you, yeah, you rock me, baby You rock me, baby, you get inside my soul
You play my heart just like a grooving guitar
You're the perfect melody, your love stays with me
Yeah you, yeah, you rock me, baby (You rock me, baby)
Yeah, you rock me, rock me, baby
(You rock me)
Ooh, you rock me, baby
(You rock me, baby)
Yeah, you do, yeah, you do
(You rock me)
