Towards Destiny

Tiger Army

Hit hard and you don't stop coming
Don't wait for the sands of time are running
Towards Destiny.
Strength of will is a weapon
Towards Destiny.
You can be what you want to be
Towards Destiny.
Through embrace of death alive
Towards Destiny.
foreverWhat we create on this night
Lives beyond us like ancient starlight
WereCat youth that roam the streets
They do not fear the darknessForever Forever ForeverForever, thats where we'll be
Eternal, In a harvest of memories
Towards Destiny. Strength of will is a weapon
Towards Destiny. You can be what you want to be
Towards Destiny. Through embrace of death alive
Towards Destiny. forever tonight.
