

Everything

[SR-71](#)

Does it really matter what I want
Does it really matter how I feel
Aren't you gonna do what you want
Why would you ask when you can steal You take everything that I am
You take everything from me So this is what it feels like to be used
So this is what it feels like to be lied to
I don't think I could feel more let down
I don't think I'll ever give a damn about you You take everything that I am
You take everything from me
You take everything that I have
Just take everything from me You don't know what I'm capable of
I won't let you limit me
You don't care what I think
If you cut me do I not bleed You take everything that I am
You take everything from me
You take everything that I have
Just take everything from me
