

Feels Like the First Time (Unplugged)

Foreigner

I would climb any mountain
Sail across the stormy sea
If that's what it takes me baby
To show how much you mean to me
And I guess that it's just the woman in you
That brings out the man in me
I know I can't help myself
You're all in the world to me It feels like the first time
Feels like the very first time
It feels like the first time
It feels like the very first time I have waited a lifetime
Spent my time so foolishly
But now that I found you
Together we'll make history
And I know that it must be the woman in you
That brings out the man in me
I know I can't help myself
You're all my eyes can see And it feels like the first time
Like it never did before
Feels like the first time
Like we've opened up the door
Feels like the first time
Like it never will again, never again It feels like the first time
Feels like the very first time
It feels like the first time
It feels like the very first time Won't you open up the door It feels like the first time
Feels like the very first time
It feels like the first time
It feels like the very first time
