

# Red-Eyed and Blue

[Wilco](#)

[Verse 1]

We've got solid state technology

Tapes on the floor

Some songs we can't afford to play[Chorus]

When we came here today

All I wanted to say

Was how much I miss you[Verse 2]

Alcohol and cotton balls

And some drugs we can't afford on the way[Chorus]

When we came here today

We all felt something true

Now I'm red-eyed and blue
