

# (Listen to The) Flower People [Reggae Stylee]

## Spinal Tap

Listen to what the flower people say  
Listen, it's getting louder every day  
Listen, it's like a bolt out of the blue  
Listen, it could be calling now for you  
Flower people walk on by  
Flower people don't you cry  
It's not too late  
It's not too late  
Listen, it's like a Mozart Symphony  
Listen, it's something just for you and me  
Listen to what the flower people say  
Listen, it's getting truer every day
