

Tennessee Mojo

The Cadillac Three

I got my boots laced on with my guitar strings
Every step I take I'm nothing but a saint (way down south, don't ya know)
Callin' me home like a deer camp fall
I ain't found nothing better anywhere I've gone Back down south don't ya know
The girls just got that Tennessee Mojo
Kiss my mouth, let the whiskey flow
Gonna hang my hat when I get back home
The one sweet thing that I miss the most...
Oh, Tennessee Mojo
Well the sun shines brighter than the golden sand
All the pretty ladies wanna hold my hand (way down south, don't ya know)
Yeah, the cowboys smoke 'em, that's what my kinfolk say
I work all night just to sleep all day Back down south don't ya know
The girls just got that Tennessee Mojo
Kiss my mouth, let the whiskey flow
Gonna hang my hat when I get back home
The one sweet thing that I miss the most...
Oh, Tennessee Mojo Back down south don't ya know
The girls just got that Tennessee Mojo
Kiss my mouth, let the whiskey flow
Gonna hang my hat when I get back home
Back down south don't ya know
The girls just got that Tennessee Mojo
Kiss my mouth, let the whiskey flow
Gonna hang my hat when I get back home
The one sweet thing that I miss the most...
The one sweet thing that I miss the most...
Tennessee Mojo
