

No Ordinary Girl

Kite

Don't go jumping to conclusions
Draw me into your confusion
Don't you know that you're intruding?
So back off for a while It's never been up for debating
We got something worth the waiting
I can tell your heart is aching
And you wanna make me smile Some girls surrender
But that's not my way
All I can say is Give it time, you got to try
If you wanna get inside my world
It's no lie, just give it time
'Cause I ain't no ordinary girl, yeah
Ordinary girl It's not you that I'm rejecting
It's my heart that I'm protecting
Being careful about selecting
Who gets into my thoughts Baby, these are my conditions
I'll admit by free admission
If you make the right decision
You're the one I want Will you surrender?
Don't go away
Oh, I hope you stay Give it time, you got to try
If you wanna get inside my world
It's no lie, just give it time
'Cause I ain't no ordinary girl, yeah Ordinary girl
Oh, it's no lie, just give it time
'Cause I ain't no ordinary girl It's not that I'm special
Or think that I'm so fine
But these are my boundaries
If you wanna cross my line No, no
If you wanna get inside
Inside my world It's no lie, just give it time
'Cause I ain't no ordinary girl, yeah
Ordinary girl
If you wanna get inside It's no lie, just give it time
'Cause I ain't no ordinary girl, yeah
Ordinary girl
