

Solitude Is Bliss

Tame Impala

Cracks in the pavement underneath my shoe
I care less and less about and less about you
No one else around to look at me
So I can look at my shadow as much as I please
All the kicks that I can't compare to
Making friends like they're all supposed to
You will never come close to how I feel (x2)
Space around me where my soul can breathe
I've got body that my mind can leave
Nothing else matters, I don't care what I miss
Company's okay

Solitude is bliss
There's a party in my head and no one is invited
And you will never come close to how I feel (x2)
Movement doesn't flow
Quite like it does when I'm alone
I'll be the one who's free
You and all your friends
Can watch me, today
Don't ask me how you're supposed to feel
You will never come close to how I feel (x4 fade out)
