

Kinda Lovin

Trey Songz

Let me explain the way your love has got me feelin'
I'm wantin' throw it away and hang up all the pimpin'
I'm ready to let go of my heart and give it all to you
For the rest of my life It's like I can't roll or go with no one else but you, babe
Nobody else can make me feel this way but you, babe
Be the only one I trust and baby that's wussup
I'mma tell the world about it, I'mma scream and shout it Girl, you got that
Good kinda, good kinda, sweet kinda
Deep kinda lovin'
And girl, you got that
Yeah baby, ooo baby, keep it right there
I love it, kinda lovin' Girl, you got that
Good kinda, good kinda, sweet kinda
Deep kinda lovin'
And girl, you got that
Yeah baby, ooo baby, keep it right there
I love it, kinda lovin' If you were music then you know I'd be the speaker
And if I was smoking then you know you'd be the reefer
And if I was standing on the block I'd keep you in my sock
And that's for real Girl I can't see myself with no one else but you, babe
Nobody else can make me feel this way but you, babe
Be the only one I love and baby that's wussup
I'mma tell the world about it, I'mma scream and shout it Girl, you got that
Good kinda, good kinda, sweet kinda
Deep kinda lovin'
And girl, you got that
Yeah baby, ooo baby, keep it right there
I love it, kinda lovin' Girl, you got that
Good kinda, good kinda, sweet kinda
Deep kinda lovin'
And girl, you got that
Yeah baby, ooo baby, keep it right there
I love it, kinda lovin' And I'll love you 'til ain't no lovin' better
Baby, you the best, love you girl to death
And you can take my heart right out my hands
God forever planned gots to be your man So you ain't gotta worry 'bout this here
Girl I'll make it clear, long as love is near
You gonna be alright
Wit your kinda of lovin' so right Girl, you got that

Good kinda, good kinda, sweet kinda
Deep kinda lovin'
And girl, you got that
Yeah baby, ooo baby, keep it right there
I love it, kinda lovin' Girl, you got that
Good kinda, good kinda, sweet kinda
Deep kinda lovin'
And girl, you got that
Yeah baby, ooo baby, keep it right there
I love it, kinda lovin' Girl, you got that
Good kinda, good kinda, sweet kinda
Deep kinda lovin'
And girl, you got that
Yeah baby, ooo baby, keep it right there
I love it, kinda lovin'
