Night Song

Savoir Adore

Where I belong
Somewhere down the road?
Where you come from
Is someone else's home
Where we belong
A future perfect memory
To die alone
But, I'm in your arms tonigth
This is our last song
This is the last one
Take me away now!
To where I belong
Your heart was a shadow
Your eyes were a ghost
In a world full of colors,
I still loved you the most
And if we dream in the water,
How can we ever know what's real?
We were shooting for forever
Without knowing how to feel
So we turned into the river
And we floated down the line
We reached high up to the heavens
But we couldn't feel a sign
And what we lost in the dark
Was the sound of a song
She said reality is calling,
And we were running,
We were running out of time
Why do we run?
Like children, no tomorrow
What can me hold?
And what can we let go?
Where we belong
A future perfect memory
To die alone
But, I'm in your arms tonigth
This is our last song
This is the last one

Take me away now!
To where I belong
This is our last song
This is the last one
Take me away now!
To where I belong
Where I belong
This is our last song
This is the last one
Take me away now!
To where I belong
Where I belong
This is our last song
This is the last one
Take me away now!
To where I belong
Where I belong
