Bear Witness Unto

DevilDriver

Scream in vain tonight
all the kings must fall
take a stand tonight
all the kings must fall
fight or flight tonight
this night i'm craving disaster
give them hell tonight
this night is meant for disasterGo..... Bear witness Unto
this solitude, my solitude
under the gun and without a knife
its going off without a hitch
get gone!!
alrightsink or swim tonight
cant stop the way im feeling
ring the bell tonight
all the kings must fall
roll the dice tonight
give it all to chance
im all in tonight
this night im craving disasterGo.... Bear witness unto
this solitude, my solitudeunder the gun and without a knife
its going off without a hitch
Get Gone!!
