Gems

Long way down when there's no way out
How I long for the way we were
Days go by in the dying embers
I still rememberThese days I'm haunted by each day that passes by
These days passing byI wanna get out but I can't live without you
I can't live without you
I wanna get out but I can't live without you
I can't live without you
Long way down and there's no way out
Still I ache for the way we were
Fiery pain in the dying embers
Will you rememberThese days I'm haunted by each day that passes by
These days passing byI wanna get out but I can't live without you
I can't live without you
Wanna get out but I can't live without you
I can't live without youCan you save my soul and make me whole?Try to remember and the wind we blow but I won't let goTry to remember
Can you save my soul?
Can you make me whole?Try to remember and the wind we blow but I won't let goTry to remember
I wanna get out but I can't live without you
But I can't live without you
I can't live without youI can't live without you
