

# Better Think Again

## Submersed

You better think again, yeah Looking inside, digging in deep  
Holding on tight to all that is me  
(No one takes me down, no one takes me down)  
Don't you think for one day that you can kill me I'm not a pawn, I am the king  
(I'm not going down, I'm not going down)  
I am the king  
(I'm not going down)  
So you better think again You make me, you break me  
You build me up to tear me down  
You make me, you break me  
You build me up to tear me down  
Just let me go, yeah, yeah, yeah Tonights defense stands at the gate  
It's your move now, I sit and wait  
(I'm not going down, I'm not going down)  
I sit and wait  
(I'm not going down)  
So you better think again You make me, you break me  
You build me up to tear me down  
You make me, you break me  
You build me up, to tear me down  
Just let me go You make me, you break me  
You build me up  
You make me, you break me  
You build me up You make me, you break me  
You build me up to tear me down  
You make me, you break me  
You build me up to tear me down Why am I? Why am I?  
Why am I yours but you're not mine  
Just let me go, just let me go You make me, you break me  
You make me, you break me  
You make me, you break me  
You break me
