

Into the Open Air

Julie Fowles

This love it is a distant star
Guiding us home wherever we are
This love it is a burning Sun
Shining the light on the things that weâ€™ve done

I tried to speak to you every day
But each word we spoke the wind blew away

Could these walls come crumbling down?
I want to feel my feet on the ground
And leave behind this prison we shared
Step into the open air

How did we let it come to this?
What we just tasted we somehow still miss
How will it feel when this day is done?
And can we keep what weâ€™ve only begun?

And now these walls come crumbling down
And I can feel my feet on the ground
Can we carry this love that we share
Into the open air?
Into the open airâ€¦

This love it is a burning Sun
