If You Were Mine

[MonkeyJunk](#)

I'd love you 'till the time was forced to slow down,
I'd make understand love the right way
I'd give you all of me to make you so proud
I'm begging for a shine, that is all I can say
If you were mine, I'd never let you go
If you were mine, I'd hold you close to me
If you were mine, I'd treat you like you're everything I need
If you were mine, say if you
If you were mine, I'd did you all the things you should knowIf you were mine,
If you were mine, ooh I,
If you were, if you were
Oooh ooh ooh
