

# One Night Only (feat. Yohamna Solange)

## Trivecta

You so fly walking by that you caught my eye  
trying to ride by your side and spend the night  
when I'm gone in the zone so take me home but  
when we done having fun then I'm missing home  
cause. One Night Only

One Night Only

You can call me boo cause I'm close to moaning

One Night Only

One Night Only, Only, Only, Only You so Fly Walking By You so fly walking by that you caught my eye  
trying to ride by your side and spend the night  
when I'm gone in the zone so take me home but  
when we done having fun then I'm missing home  
cause, cause, cause, cause. One Night (10x)

Only, Only, Only You so fly walking by that you caught my eye  
trying to ride by your side and spend the night  
when I'm gone in the zone so take me home but  
when we done having fun then I'm missing home  
cause.
