Come Let Us Worship

YFriday

He made the heavens
And they shine His glory
He moves the sun
Across the sky
So incomparable
The star of morning
radiant in light

He made the world in all
It's countless wonder
Composed the song creation cries
Our God incredible, immortal Saviour
Jesus Christ

Come let us worship
Come let us bow down
Come let us sing of all,
The Lord has done

God be glorified
Jesus be lifted high

He made the heavens
And they shine His glory
He moves the sun across the sky
So incomparable
The star of Morning
Jesus Christ

Come let us worship
Come let us bow down
Come let us sing of all
The Lord has done
His ways are mighty
Righteous and Holy
Come let us sing of all
The Lord has done
