

Caught in a Whirl

Baby Woodrose

Did you think you life would turn and change, girl?
Did you think it just could stay the same, girl?Did you find
You just got caught in a whirl
Caught in a whirlDid you think you'd get so carried away, girl?
Now, do you wanna leave or do you wanna stay, girl?Do you find
You just got caught in a whirl
Caught in a whirlDid you think you'd get a second chance, girl?
Or did you lift you're mind into the dance, girl?Did you find
You just got caught in a whirl
Caught in a whirl
Caught in a whirl
You just got caught in a whirl
