

No Sacrifice, No Victory

Hammerfall

Sacrifice, victory

No sacrifice, no victory
Once there was gold at the end of the rainbow

Honored by blood we kept searching for more

Light turned to dark as we lost what we fought for

Now we have come to settle the score
Sacrifice, victory

No sacrifice, no victory
Light brings us light on the pale darkened heavens

Lead us towards our vast victory

Fighting for all that we brothers believe in

Together, united we're standing all for one
On our pathway to glory, we stand together, honored by blood

Sacrifice our splendence, we fight for freedom, hold our grounds forever

By the code we are living, we are breathing, and then we die

Sacrifice our own lives, but we'll never stand to lose our pride and glory
In the end only truth will survive, no
matter what you sacrifice

So you can't harvest your glory all based on deceit

'Cause no one will swallow your lies
On our pathway to glory, we stand together honored by blood

Sacrifice our splendence, we fight for freedom, hold our grounds forever

By the code we are living, we are breathing, and then we die

Sacrifice our own lives, but we'll never stand to lose our pride and glory
Sacrifice, victory

Sacrifice, victory, victory
