

# Sweetest Lie

## Goo Goo Dolls

Well, you play your part so easily  
You fooled yourself again  
With your lipstick smeared  
Across some face, you'll never see again  
And I sat there in the corner  
Working back my memories  
And I wondered if the time would come  
You'd get around to me  
Oh, oh, oh, oh  
Living the sweetest lie  
Oh, oh, oh, oh  
Living the sweetest lie  
Well, you made me feel electric  
Every moment that we shared  
But the lights went out when I realized  
You never even cared  
So I picked myself back up  
I didn't know where I had been  
And the thing that makes it seems so wrong  
Is I want you back again

Oh, oh, oh, oh  
Living the sweetest lie  
Oh, oh, oh, oh  
Come on, baby, give me love  
Oh, oh, oh, oh  
Living the sweetest lie  
Oh, oh, oh, oh  
Come on, baby, give me love  
You know you'll never take it  
Your love will never be taken, no  
And now you're tired of waking  
Now you're tired of waking up  
Oh, oh, oh, oh  
Living the sweetest lie  
Oh, oh, oh, oh  
Come on, baby, give me love  
Oh, oh, oh, oh  
Living the sweetest lie

Oh, oh, oh, oh  
Come on, baby, give me love
