

# Leaving You Behind

## Clean Cut Kid

When tonight night is over we can  
We can draw a line between the  
Between the past and the future like a  
Like a fault forever in time and then And then you can go your way  
And I'll promise to go mine  
I'll be careful not to leave a trace  
When I'm leaving you behind I'll never regret a minute I spent by your side  
I'll never forget seeing my reflection in your eyes  
Now that you know being torn apart gets easier with time  
I'm letting you go, I'm letting you go, I'm leaving you behind When tonight is over we can  
We can draw a line between the  
Between the life we lived as one under  
Life where you will never be mine  
And then, one last kiss and turn away  
Let me hold you one more time  
I'll be careful not to leave a trace  
When I'm leaving you behind I'll never regret a minute I spent by your side  
I'll never forget seeing my reflection in your eyes  
Now that you know being torn apart gets easier with time  
I'm letting you go, I'm letting you go, I'm leaving you behind I'll never regret  
I'm leaving you behind  
I'll never forget  
I'm leaving you behind  
Now that you know  
I'm leaving you behind  
I'm letting you go  
I'm leaving you behind  
All those impressions in my skin  
Old indentations of your lips  
Who knows how deep [?]  
Can't measure love until you've lost it I'll never regret a minute I spent by your side  
I'll never forget seeing my reflection in your eyes  
Now that you know being torn apart gets easier with time  
I'm letting you go, I'm letting you go, I'm leaving you behind I'll never regret a minute I spent by your side  
I'll never forget seeing my reflection in your eyes  
Now that you know being torn apart gets easier with time  
I'm letting you go, I'm letting you go, I'm leaving you behind I'll never regret  
I'm leaving you behind  
I'll never forget

I'm leaving you behind

Now that you know

I'm leaving you behind

I'm letting you go

I'm leaving you behind
