

Red Right and Blue

Larry Hosford

Well I wonder if you and I
Will ever get it down
I've followed you through
Step by Step
Every part of this town

But if you can't (come across?)
Don't start over
I know what you're going through

But it's too late honey
to change anything with you

My eye's are all red
My heart is so blue
I'll let you go
It's the right thing to do

And people will know
Whatever you do

You were wrong
And I am gone
Yes I'm red, right and blue

Well I want to be understood
Tonight as never before

I'm singing the blues for you
This one last time but no more

And if you don't know the words
Don't start singing the song
But I can help thinkn' you're thinkn'
you might have been wrong

My eyes are all red
My heart is so blue
But I'll just let you go

It's the right thing to do

And people will know

What every you do

You were wrong

and I am gone

Yes I'm red, right and blue

You were wrong and I'm gone

Yes I'm red right and Blue

You were wrong and I'm gone

Yes I'm red right and Blue

You were wrong and I'm gone

Yes I'm red right and Blue
