# Outrage

## Sister Sin

Cool calm and all collected
Try hide that hate from here
Let go pass by unaffected
For what reason you choose to never exposeResolute in denying emotions
It's there weather like it or not
Lash out hun, make it atrocious
One shot, show for what you lack
Spill your guts now, don't hold it back
C'mon, bring it on and let me feel it
I want that teenage rampage, mayhem and outrage
C'mon, scream it out till I believe it
We need that front page outrage, alright
Make it bleed between the linesCold, cold calm and disconnected
Fine line between heaven and hell
Today determines tomorrow
Ya all get just what I say we saidLet go give in to the moment
Lash out in a violent display
My time, your time to go when
Rise up, show for what you got
Ready to burn then rip it out
C'mon, bring it on and let me feel it
I want that teenage rampage, mayhem and outrage
C'mon, scream it out till I believe it
We need that front page outrage alright
Make it bleed between the lines
