Fighting For My Life

Michael Bolton

Here I am, thinkin' of you
Things we say and things we do
Doesn't seem long ago
I was holding you so safe and warm
Suddenly my life is changed
And I find myself like a ship in a raging storm
I'm fighting to hold on, will you look at me now?
Fighting for my life, fighting for my life
I'm back against the wall, fighting for my life
Fighting, fighting for my life
I recall the days of my youth
My head in the air, my back to the truth
Runnin' from the good things I had
My hunger for a piece of the game
Now, I find those days are gone and I'm hanging' on
I know it can never be the same
I'm fighting to hold on, will you look at me now?
Fighting for my life, for my life
I'm back against the wall, fighting for my life
Fighting, fighting for my life
I've been at the corner for the longest time
I have gone the distance with my will to survive
I tell you one thing, I can't always be right, gonna live
Gonna live every day like it's the last one I got
I'm fighting to hold on, will you look at me, look at me?
Fighting for my life, fighting for my life
I'm back against the wall, fighting for my life
Fighting, fighting for my life, I'm fighting for my life
Fighting for my life, for my life
Fighting, fighting for my life
