

While You Wait for the Others

Grizzly Bear

To make it all worthwhile
All your useless pretensions
Are weighing on my time
You could beg for forgiveness
As long as you like
Or just wait out the evening
And always ask me why
Yes you'll only leave me dry
So I'll ask you kindly to make your way And what was left
The perfect cleft
We all fall through While you wait on the answers
That I'll pretend to find
Keeping up with emotions
Still occupies our time
You could hope for substance
As long as you like
Or just wait out the evening
And always ask me why
Yes you'll always ask me why
I'll ask you kindly to make your way And what was left
The perfect cleft
We all fall through And all we want And what was left
And what was left
And what wasn't left
